

Are you ready to join the only CQC rated Outstanding private hospital in Kent?

Have you ever thought about working at Benenden Hospital and wondered what makes it so special? Perhaps it's the CQC Outstanding rated care that our patients receive from all our staff, from the first contact they have to the day they complete their treatment.

Perhaps it's the proud history the hospital has of caring for people since 1907, when it was opened by the National Association for the Establishment and Maintenance of Sanatoria to treat postal workers suffering from tuberculosis.

A hospital that has since been transformed into a modern, contemporary facility which delivers quality healthcare using the latest procedures and technologies. At the heart of everything we do we have our patients.

We offer consultation, diagnostic tests and treatment for [self-pay](#), and [Private Medical Insurance patients](#), patients referred through [the NHS e-Referral service](#) and our Benenden Health members.

We are excited to be hosting an in-person clinical recruitment event on 26 February from 10am to midday at Benenden Hospital, Goddard's Green Road, Benenden TN17 4AX. The event will provide an insight of working at the hospital, the benefits and roles available which include Nursing, Healthcare Support Worker, Physiotherapist and Flexibank.

Speakers will include Claire Harley – Director of Patient Services, Ali Turner – Matron and Elaine Parson – Resourcing Officer. We will also have staff from the Nursing Team, Healthcare Support Worker Teams, Imaging and Physiotherapy on hand to answer any questions and to talk through their roles.

There will also be an opportunity to have a tour of clinical areas of the hospital such as the Imaging Department, Theatres, Physiotherapy and Eye Unit. Providing potential employees a feel of where they could be working and the calming environment our staff and facilities create for our patients.

Jane Abbott, Hospital Director, said: "I am so proud of everything we do at Benenden Hospital and would love you to find out more about us and potentially join our team. We are proud of our reputation as a safe, infection-free hospital, due to the strict infection control measures we have in place to protect all our patients, staff and visitors.

"Our experienced clinical teams are passionate about delivering the best care to our patients and visitors. We welcome applications from experienced clinical staff, those returning to nursing after a career break or those who are just starting out in their careers. We want you to be part of our team and our future.

"This in person clinical event is a great opportunity to learn not only about Benenden Hospital's history, but to hear first-hand from staff who will give you the insight on what it is

like to work at our CQC rated Outstanding Benenden Hospital. It is also a great opportunity to come and see the hospital for yourself and see what a wonderful place it is to work.”
