In the midst of the cost-of-living crisis we're facing, it's important to know that you can ease the worry and get an early diagnosis by spreading the cost of your treatment. Patients can take advantage of 0% finance on selected diagnostic tests through our trusted partner, Chrysalis.

This useful service allows you to fit your repayments into your monthly budget. Instead of having to find the full cost at the time of your treatment, taking away any additional stress.

Please note this 0% finance is only available on selected diagnostic tests between £350 and £999. Our Private Patient Team can advise you on which diagnostic tests this applies to.
